The Dublin City Local Economic and Community Plan 2016 – 2021

The Dublin City Local Economic and Community Plan 2016 - 2021 (LECP) is a statutory Plan with the overall aim of identifying and implementing actions to strengthen and develop the community and economic dimensions of the City over a six-year period.

The LECP is made up of two documents:

- A six-year strategy document setting out the 12 high-level goals for the lifetime of the Plan.
 The goals were set following a period of consultation with members of the public, community and voluntary organisations, business representatives and Dublin City Councillors during 2015.
- An Action Plan for 2016, to be up-dated annually.

Overall responsibility for the implementation and monitoring of the LECP lies with the Local Community Development Committee (LCDC) and the Economic Development

and Enterprise Strategic Policy Committee. The other relevant Strategic Policy Committees of Dublin City Council will play a role in monitoring and reporting on actions relevant to their work and in identifying further policy directions towards achieving the high-level goals. Your PPN representatives on the LCDC and Strategic Policy Committees will report back to PPN member s on the LECP in the usual way.

PPN members played a key role in the development of the LECP to date and we hope as many of you as possible will be able to attend further consultations sessions over the coming months across Dublin City to plan for the 2017 Action Plan.

For a copy of the LECP please go to www.dublincity.ie\lecp or email lecp@dublincity.ie
